

Microsoft® Office Word 2010: Part 1 [Exam 77-881, 77-887]

Course Specifications

Course Number: ELK91-021_rev2.2

Course length: 1.0 day(s)

Course Description

These days, most people take electronic word-processing for granted. While we may still write out our grocery lists with pen and paper, we expect to use a computer to create the majority of our documents. It's impossible to avoid word-processing software in many areas of the business world. Managers, lawyers, clerks, reporters, and editors rely on this software to do their jobs. Whether you are an executive secretary or a website designer, you'll need to know the ins and outs of electronic word-processing.

Microsoft® Word 2010 is designed to help you move smoothly through the task of creating professional-looking documents. Its rich features and powerful tools can make your work easy, and even fun. In this course, you'll learn how to use Word 2010 to create and edit simple documents; format documents; add tables and lists; add design elements and layout options; and proof documents.

You can also use this course to prepare for the Microsoft Office Specialist (MOS) Certification exams for Microsoft Word 2010.

Target Student: This course is intended for students who want to learn basic Word 2010 skills, such as creating, editing, and formatting documents; inserting simple tables and creating lists; and employing a variety of techniques for improving the appearance and accuracy of document content.

Prerequisites: To ensure success, students should be familiar with using personal computers, and should have experience using a keyboard and mouse. Students should be comfortable in the Windows® 7 environment, and be able to use Windows 7 to manage information on their computers. Specific tasks the students should be able to perform include: launching and closing applications, navigating basic file structures, and managing files and folders. To meet this prerequisite, you can take any one or more of the following Logical Operations courses:

- Microsoft® Office Windows® 7: Level 1
- An introduction to PCs course

Technical Requirements

For this course, you will need one computer for each student and one for the instructor. Each computer will need the following minimum hardware configurations:

- 1 GHz or faster 32-bit (x86) or 64-bit (x64)
- 1 gigabyte (GB) RAM (32-bit) or 2 GB RAM (64-bit)
- 16 GB available hard disk space (32-bit) or 20 GB (64-bit)
- CD-ROM drive
- Keyboard and mouse (or other pointing device)
- 1024 x 768 resolution monitor recommended
- Network cards and cabling for local network access
- Internet access (contact your local network administrator)
- Printer (optional) or an installed printer driver
- Projection system to display the instructor's computer screen
- Microsoft® Office Professional Edition 2010
- Microsoft® Office Suite Service Pack 1
- Microsoft® Windows® 7 Professional with Service Pack 1
